

Your guide to your health plan and benefits

**Anthem PPO -Platinum I
CEWW**

Welcome to Anthem

We're here to help you use your health plan with confidence

Why Anthem

At Anthem, we're dedicated to improving your health and providing quality coverage to the 47 million people who have an Anthem health plan.¹ To make sure you're receiving safe, quality care and service, we review the benefits and programs you use to know what's working — and learn where we can take action — to help you be your healthiest self. With an Anthem plan, you'll have access to a variety of benefits, including:

The nation's largest network

Anthem gives you access to more than 1.7 million doctors and hospitals — the nation's largest network of care providers, which touches every ZIP code in the U.S.²

No- or low-cost preventive care

Your plan covers preventive care at little or no added cost when you see a doctor in your plan's network. Preventive care, such as your annual physical, vaccinations, and screenings, can help you stay healthy and catch issues early when they're easier to treat.

Convenient virtual care

Virtual care allows you to connect directly to care from anywhere with a smartphone, tablet, or computer with a camera. You'll be able to meet with a board-certified doctor through video or chat with little to no wait time.³

Health and wellness programs

Your Anthem benefits offer access to a variety of programs, digital tools, and health guides at no added cost to help you with your individual health needs and goals.

³ In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.

Medical plans

Review the available plan to see how it can fit your healthcare needs

You deserve peace of mind when it comes to your healthcare. An Anthem health plan gives you that and more, supporting you every step of the way with coverage that fits your needs and your budget.

Review the health plan before making your selection. You will want to check to see if your doctors are in the plan's network, which will help you make the most of your benefits and save money.

PPO

With a preferred provider organization (PPO) plan, you can go to almost any doctor or hospital — giving you more choices and flexibility.

- Choose a primary care doctor in the plan's network for preventive care, such as checkups and screenings.
- No referral is needed from your primary care doctor to see a specialist, such as an orthopedic doctor or a cardiologist — saving you time and money.
- You'll pay less if you choose doctors and facilities in your plan's network.

Find care

Use our **Find Care** tool to see if your doctors are in the plan's network by visiting anthembluecross.com/find-care

Pharmacy benefits

Reliable prescription drug coverage

Having the right medicine at the right time can make a big difference in your health and well-being. We're here to help you access the medications you need, when you need them, while also saving money.

Your plan covers:

- Brand-name and generic drugs on your drug list.
- Certain preventive drugs at a more affordable or no extra cost to you.
- Most specialty drugs required to treat an ongoing health matter or serious illness.

Coverage requirements

Certain medications require you to take other steps before your plan covers them.

- **Preapproval, also known as prior authorization**, helps ensure your medications are safe and appropriate. If necessary, we'll work directly with your doctor to find the best fit with no action needed on your part.

- **Step therapy:** You may need to try other medicine before we can cover the one your doctor prescribed.
- **Quantity limits:** To help protect your health, your plan may limit how much medication you can receive each month.
- **Dose optimization:** If a higher strength is available, you may be able to switch from taking multiple doses to a single dose each day.
- **90-day supply:** If you take maintenance medication for ongoing conditions like asthma, diabetes, or high cholesterol, your plan may require that you set up a 90-day supply at a local pharmacy or through CarelonRx Pharmacy home delivery.

Review your drug list

Your plan uses the drug list below. It includes hundreds of generic and brand-name prescription drugs in every therapeutic class that can help keep your costs down. Choosing a medicine on your drug list can help you pay less — especially when compared to paying out of pocket for medicines that aren't covered.

Your plan includes various drug lists with details about brand-name and generic drugs. Check the lists for your medications; if they are not covered on the list, you'll see other options

To understand pharmacy benefits:

- Review your medication list to see if your prescriptions are covered.
- Use the Price a Medication tool on **SydneySM Health** to find the best price in your plan's network, which can save you more when buying certain medicines.
- Check to make sure your local retail pharmacy is in your plan's network by using the Find a Pharmacy tool on **SydneySM Health**.
- Explore home delivery with CaredonRx Pharmacy to make getting your regular prescription medications easier and help lower your costs.
- Get more information on our specialty pharmacy once you have a health plan. Most specialty drugs are covered if you need them.

Your pharmacy options

You have choices for filling your prescriptions, including local retail pharmacies in your plan's network and convenient home delivery with CaredonRx Pharmacy. If you use a specialty medicine, it will need to be filled through our specialty pharmacy.

The **Base Network** is our national pharmacy network with nearly 70,000 retail pharmacies across the country.

To find a pharmacy, visit

anthembluecross.com/pharmacy-information/rx-networks and choose the Base Network list.

Save with a 90-day supply

Retail 90: Receive a 90-day fill of the medicines you take regularly at a participating retail pharmacy. You can save money and time with fewer trips to the pharmacy and stay on top of your medicine easier by switching to a 90-day supply.

How your benefits and deductible work

Pharmacy deductible

Your plan comes with a separate pharmacy deductible, which is the set amount you pay out of your pocket for medicine before the pharmacy plan starts to share the cost.

Plan extras

Extra benefits that support your whole health

Once you enroll in your Anthem health plan, you'll have access to a variety of programs and resources — at no added cost. These programs will help you to improve your overall health, save on the cost of care, and better manage a health condition if you have one.

Condition support

Managing a health condition can be hard, which is why we have programs to help you coordinate care and manage your care more easily. Whether you're managing diabetes, heart disease, or asthma, help is just a call, tap, or click away.

24/7 NurseLine

A registered nurse is available to answer your health questions anytime, day or night. They can help you decide where to go for care and find doctors and other healthcare professionals in your area.

Autism Spectrum Disorder Program

This program focuses on building a strong support system for the entire family. A specialized team of clinicians will work with you to create a customized care plan, help coordinate care, and connect you with resources in your community.

Case Management

A care management team will reach out to help you as you transition home from surgery or if you have a serious health condition. They'll answer your questions about your follow-up care, medicines, or treatment options, coordinate benefits for home therapy or medical supplies, and find community resources for you.

ConditionCare CORE

A dedicated care management team, including dietitians, health educators, and pharmacists, is available to help you learn about and manage chronic health conditions, such as asthma, chronic obstructive pulmonary disease (COPD), diabetes, heart disease, or heart failure.

Lark Diabetes Prevention Program

ABC and Lark have come together to offer you this 12-month program at no extra cost as part of your health plan. This prevention program can help you lose weight and lower your risk of developing type 2 diabetes. It's flexible, customized for you, and follows guidelines from the Centers for Disease Control and Prevention (CDC) to help you make small changes that can improve your health.

Maternity

Our maternity programs help support you no matter where you're at in your parenting journey. From planning a family to raising small children, there's resources available to help you thrive.

Building Healthy Families

Offering 24/7 digital support, Building Healthy Families is here to help your family with everything from preconception and pregnancy to childbirth and early childhood. The program features an extensive content library to support diverse families, including single parents and same-sex and multicultural couples. You'll have access to a library and other tools, such as fertility, diaper change and feeding trackers, due date calculators, and blood pressure monitoring.

Whole health connections

Staying on top of your health is important but can sometimes be hard to do on your own. We connect you to the right resources that can help you more easily meet your goals.

MyHealth Advantage

Stay healthy and save money with this no-cost service that can remind you when you need to refill a prescription or have a checkup, test, or exam. You'll also receive personalized and confidential MyHealth Notes.

SpecialOffers

SpecialOffers features discounts on a variety of programs that help promote better health and well-being. Discounts are available on products and services for dental, vision, hearing, weight loss, fitness, family planning, pet insurance, health supplements, and skincare.

Plan tools and resources

Make the most of your benefits

Your health plan comes with tools and resources that make it easier to access your benefits and find care.

Find Care

Our **Find Care** tool is a great way to find care providers in your health plan's network. Even if you haven't yet enrolled, using this tool to see if your current care providers are in the plan's network can help you make the right choice during open enrollment and save you money on care. Search by the doctor's name or specialty, type of procedure, or facility. If you don't yet have an Anthem health plan, you can still access the Find Care tool on anthembluecross.com/find-care and search as a guest.

- Select **Basic search**.
- Select the type of plan or network — **Medical Plan or Network** — then select the state in which your employer's plan is contracted. Most often it's where the company's headquarters are located.
- Select how you get health insurance, which is Medical (Employer Sponsored).
- Choose a plan or network by entering the PPO. Then select the **Continue** button.
- Enter your *city, county, or ZIP code*. You also can search by doctor or procedure, as well as using other care-related terms.
- View results.

SydneySM Health app

Once you have an Anthem health plan, you'll be able to access your benefits and digital health plan ID card, wellness resources, and the **Find Care** tool with the **SydneySM Health** app.

The app brings your benefits and health information together in one convenient place and works with you to guide you to better overall health.

Skip the pharmacy with home delivery

Have your long-term medications sent to your home with CarelonRx Pharmacy

Set up home delivery through CarelonRx Pharmacy for the prescriptions you take long-term for conditions like high blood pressure, diabetes, heart disease, or asthma. You'll receive your medications at your door and enjoy the convenience of not having to visit the pharmacy.

With home delivery, you can count on:

Convenience. Medications are delivered directly to your home or any location you choose.

- Manage your prescriptions with the Sydney Health app or at anthembluecross.com.
- Expect first-time orders to take about five days to process. Refills take two days to process. Standard shipping time varies between 3 to 5 days.
- Track your order.
- Set up reminders and automatic refills, too.

Savings. Many medications cost less when you fill a 90-day supply instead of three 30-day supplies. Standard shipping is always free. With CarelonRx Pharmacy, you can also learn about lower-cost options.

Safety. A licensed pharmacist checks all orders before they ship. Discreet packaging is:

- Tamperproof
- Weatherproof
- Temperature controlled, if needed

Peace of mind. You're less likely to miss a dose and more likely to stay on track with the treatment your doctor prescribed when you switch to home delivery.* You can also talk, text, or chat 24/7 with a trained pharmacist if you have questions or need help.

Hassle-free service. CarelonRx Pharmacy will contact your doctor to order a new, 90-day prescription if you need one. If a medication preapproval is needed, the home delivery team will reach out to you for consent before shipping your medication.

We're here to help

Access virtual care and support

through our Sydney Health mobile app

When you aren't feeling your best—physically, mentally, or emotionally—or you need guidance managing a health condition, help is available. You can connect to the care you need using our **SydneySM Health** mobile app. You can have a video visit with a doctor 24/7 for common health issues and annual wellness visits. Care for mental and emotional health is available by appointment.¹ Plus, the Sydney Health app is your avenue to specialized programs designed to help you improve your habits and your health.

Visit with a doctor for common medical concerns

Doctors are available anytime, with no long wait times and no appointments needed. They can help you with health issues, such as a cold or the flu, allergies, sore throat, migraines, or skin rashes. During your private and secure video visit, the doctor will assess your condition, provide a treatment plan, and send prescriptions to the pharmacy of your choice, if needed.³

Receive care for your behavioral health

If you're feeling anxious or depressed, or having trouble coping, you can set up a video visit with a therapist, psychologist, or psychiatrist.⁴ Appointments can be scheduled within one to two weeks.¹ Psychiatrists help manage medications; they do not provide counseling or talk therapy.⁵

Use Sydney Health app to:

Help you manage your blood pressure

Our Healthy Blood Pressure program connects you with a health coach, doctor, and therapist to help you reach your blood pressure goals through virtual visits. The program also includes a free, smart blood-pressure cuff mailed directly to your home. Of those in the program, 71% indicated that the health coach had an impact on how they manage their blood pressure.⁶

Help you avoid diabetes

Our Prevent Diabetes program combines the latest in telehealth technology, biometric data, and artificial intelligence to provide you with a personalized behavior-change experience. If you qualify, you will work with a health coach to achieve your health goals and help you prevent diabetes.

Connect with a sleep specialist

Through our app, you can have a virtual care visit with a sleep specialist who can help diagnose sleep issues and treat them. Schedule an online visit through Sydney Health and a sleep specialist will assess your habits and history. They may suggest therapy or a sleep test. You will have a follow-up visit to discuss your results, next steps, and further treatment.

Here's how to access the program through virtual care:

Download our Sydney Health app or visit [anthembluecross.com](https://www.anthembluecross.com).

1. Register (if you haven't yet) and log in.
2. Once you register, your username and password are the same for our app and [anthembluecross.com](https://www.anthembluecross.com).
3. Select **Care** and then select **Virtual Care**.

¹ Appointments subject to availability.

² Based on Sydney Health utilization trends from top national clients.

³ The doctor will determine what medications should be prescribed or refilled.

⁴ Online counseling is not appropriate for all kinds of problems. If you are in crisis or having suicidal thoughts, it's important that you seek help immediately. Please text, chat, or call 988 (Suicide and Crisis Lifeline), or 911 for help. If your issue is an emergency, call 911 or go to your nearest emergency room. Emergency services are not provided through virtual care on the Sydney Health app or [anthembluecross.com](https://www.anthembluecross.com).

⁵ Prescriptions determined to be a "controlled substance" (as defined by the Controlled Substances Act under federal law) cannot be prescribed through virtual care on the Sydney Health app or [anthembluecross.com](https://www.anthembluecross.com).

The Sydney Health mobile app makes healthcare easier

Access personalized health and wellness information wherever you are

Use SydneySM Health to keep track of your health and benefits — all in one place. With a few taps, you can quickly access your plan details, Member Services, virtual care, and wellness resources. Sydney Health stays one step ahead — moving your health forward by building a world of wellness around you.

Find Care

Search for doctors, hospitals, and other healthcare professionals in your plan's network and compare costs. You can filter providers by what is most important to you, such as gender, languages spoken, or location. You'll be matched with the best results based on your personal needs.

My Health Dashboard

Use My Health Dashboard to find news on health topics that interest you, health and wellness tips, and personalized action plans that can help you reach your goals. It also offers a customized experience just for you, such as syncing your fitness tracker and scanning and tracking your meals.

Chat

If you have questions about your benefits or need information, Sydney Health can help you quickly find what you're looking for and connect you to an Anthem representative.

Virtual Care

Connect directly to care from the convenience of home. Assess your symptoms quickly using the Symptom Checker or talk to a doctor via chat or video session.

Community Resources

This resource center helps you connect with organizations offering no-cost and reduced-cost programs to help with challenges such as food, transportation, and child care.

My Health Records

See a full picture of your family's health in one secure place. Use a single profile to view, download, and share information such as health histories and electronic medical records directly from your smartphone or computer.

Protecting your privacy

How we keep your information safe and secure

As a member, you have the right to expect us to protect your personal health information. We take this responsibility very seriously, following all state and federal laws, as well as our own policies.

You also have certain rights and responsibilities when receiving your healthcare. To understand how we protect your privacy, rights, and responsibilities when receiving healthcare, and your rights under the Women's Health and Cancer Rights Act, go to anthembluecross.com/privacy. For a printed copy, please contact your benefits administrator or Human Resources representative.

How we help manage your care

To see if your health benefits will cover a treatment, procedure, hospital stay, or medicine, we use a process called utilization management (UM). Our UM team is made up of doctors and pharmacists who want to be sure you receive the best treatments for certain health conditions. They review the information your doctor sends us before, during, or after your treatment. We also use case managers. They're licensed healthcare professionals who work with you and your doctor to help you manage your health conditions. They also help you better understand your health benefits.

For additional information about how we help manage your care, go to anthembluecross.com/memberrights. To request a printed copy, please contact your benefits administrator or Human Resources representative.

Special enrollment rights

Open enrollment usually happens once a year. That's the time you can choose a plan, enroll in it, or make changes to it. If you choose not to enroll, there are special cases when you're allowed to enroll during other times of the year:

- **If you had another health plan that was canceled.** If you, your dependents, or your spouse are no longer eligible for benefits with another health plan (or if the employer stops contributing to that health plan), you may be able to enroll with us. You must enroll within 31 days after the other health plan ends (or after the

employer stops paying for the plan). For example: You and your family are enrolled through your spouse's health plan at work. Your spouse's employer stops paying for health coverage. In this case, you and your spouse, as well as other dependents, may be able to enroll in one of our plans.

- **If you have a new dependent.** You gain new dependents from a life event, such as marriage, birth, adoption, or if you have custody of a minor and an adoption is pending. You must enroll within 31 days after the event. For example: If you marry, your new spouse and any new children may be able to enroll in a plan.
- **If your eligibility for Medicaid or SCHIP changes.** You have a special period of 60 days to enroll after:
 - You (or your eligible dependents) lose Medicaid or the State Children's Health Insurance Program (SCHIP) benefits because you're no longer eligible.
 - You (or your eligible dependents) become eligible to receive help from Medicaid or SCHIP for paying part of the cost of a health plan with us.

For full details, read your plan document, which has all the details about your plan.
You can find it on anthembluecross.com.
